

Doctor of Nursing Practice Programs

DNP Core

For post-master's DNP students

Program overview

- **Format:** Full-time
- **Start term:** Fall
- **Length:** 16 months
- **Total credits:** 40
- **Clinical hours:** 500

DNP Core Courses

- **NURS 615** – Evidence-Based Practice & Principles of Translational Research
- **MPH Biostatistics / 524 Fundamentals of Biostatistics** – prerequisite for NURS 710
- **MSHI Introduction to Health Informatics**
- **NURS 602** – Population Health: Community Epidemiology & Sustainable Strategic Engagement
- **NURS 709** – Data Driven Health Policy & Advocacy
- **NURS 703** – Impact Driven Quality & Process Engineering Strategy Design for Value Based Primary Care
- **MSHI 600n / MISHI 509** – Big Data Management & Analytics / Data Mining & Analytics
- **NURS 711** – Doctoral Project: Developing Health Equity Inquiry and Impact for Sustained Community Engagement
- **NURS 613** – Health Justice & Ethical Foundations / Professional Issues in Healthcare
- **NURS 604** – Genetics, Genomics and Health Promotion
- **NURS 708** – Health Finance and Equitable Economic Leadership in Complex Health Care Systems
- **NURS 712** – Doctoral Project: Translating Methods & Research for Project Implementation
- **NURS 713** – Scholarly Project Planning and Proposal
- **NURS 714** – Doctoral Application and Implementation
- **NURS 701** – Interprofessional Learning: Social Determinants of Health Profession Education
- **NURS 715** – Doctoral Project: Project Evaluation and Dissemination
- **Clinical Independent Study Progression Hours for DNP Project (optional)**

Family Nurse Practitioner (FNP)

Doctor of Nursing Practice, full-time

Program overview

- **Format:** Full-time
- **Start term:** Fall
- **Total credits:** 79
- **Clinical hours:** 1,380

FNP Course List

Foundational / advanced practice courses

- **NUR 560** – Advanced Pathophysiology Across the Life Span
- **NUR 561** – Advanced Health Assessment Across the Life Span
- **NUR 562** – Advanced Pharmacotherapeutics Across the Life Span
- **NUR 563** – Diagnostic Reasoning, Interpretation and Evidence-Based Clinical Decision Making

FNP specialty courses

- **NUR 610** – FNP I: Health Promotion in Clinical Populations & Complex Systems (Adult-Gerontology Primary Care) – Didactic
- **NUR 611** – FNP I: Health Promotion in Clinical Populations & Complex Systems (Adult-Gerontology Primary Care) – Clinical
- **NUR 620** – FNP II: Family Centered Primary Care of the Infant, Child, Adolescent and Their Families – Didactic
- **NUR 621** – FNP II: Family Centered Primary Care of the Infant, Child, Adolescent and Their Families – Clinical
- **NUR 630** – FNP III: Holistic Care of Reproductive Patients & Their Families – Didactic
- **NUR 631** – FNP III: Holistic Care of Reproductive Patients and Their Families – Clinical
- **NUR 640** – FNP IV: Advanced Acute & Chronic Care of Patients Across the Life Span and Their Families – Didactic
- **NUR 641** – FNP IV: Advanced Acute & Chronic Care of Patients Across the Life Span and Their Families – Clinical

DNP-integrated courses within the FNP plan

- **NUR 570** – Scientific Foundations, Theories and Inclusive Leadership
- **NUR 602** – Population Health: Community Epidemiology & Sustainable Strategic Engagement
- **NUR 604** – Genetics, Genomics and Health Promotion
- **NUR 613** – Health Equity, Justice & Ethical Foundations: Professional Issues in Healthcare
- **NURS 615** – Evidence-Based Practice & Principles of Translational Research
- **NURS 709** – Data Driven Health Policy & Advocacy

- **NURS 703** – Impact Driven Quality & Process Engineering Strategy Design for Value Based Primary Care
 - **NUR 708** – Health Finance and Equitable Economic Leadership in Complex Health Care Systems
 - **NUR 701** – Interprofessional Learning: Social Determinants of Health Profession Education
 - **NUR 711** – Doctoral Project: Developing Health Equity Inquiry & Impact for Sustained Community Engagement
 - **NUR 712** – Doctoral Project: Translating Methods & Research for Project Implementation
 - **NURS 713** – Doctoral Project: Scholarly Project Planning and Proposal
 - **NUR 714** – Doctoral Project: Project Implementation and Defense
 - **NUR 715** – Doctoral Project: Project Evaluation and Dissemination
 - **MPH Biostatistics / Fundamentals of Biostatistics**
 - **MSHI 600n / MISHI 509** – Big Data Management & Analytics / Data Mining & Analytics
-

Version 2: By semester

Semester-by-Semester Curriculum

DNP Core (Post-MS DNP)

Year 1 – Fall

- NURS 615 – Evidence-Based Practice & Principles of Translational Research
- MPH Biostatistics / 524 Fundamentals of Biostatistics
- MSHI Introduction to Health Informatics
- NURS 602 – Population Health: Community Epidemiology & Sustainable Strategic Engagement

Year 1 – Spring

- NURS 709 – Data Driven Health Policy & Advocacy
- NURS 703 – Impact Driven Quality & Process Engineering Strategy Design for Value Based Primary Care
- MSHI 600n / MISHI 509 – Big Data Management & Analytics / Data Mining & Analytics
- NURS 711 – Doctoral Project: Developing Health Equity Inquiry and Impact for Sustained Community Engagement
- NURS 613 – Health Justice & Ethical Foundations / Professional Issues in Healthcare

Year 1 – Summer

- NURS 604 – Genetics, Genomics and Health Promotion
- NURS 708 – Health Finance and Equitable Economic Leadership in Complex Health Care Systems
- NURS 712 – Doctoral Project: Translating Methods & Research for Project Implementation
- NURS 713 – Scholarly Project Planning and Proposal

Year 2 – Fall

- NURS 714 – Doctoral Application and Implementation
- NURS 701 – Interprofessional Learning: Social Determinants of Health Profession Education
- NURS 715 – Doctoral Project: Project Evaluation and Dissemination

Year 2 – Spring

- Clinical Independent Study Progression Hours for DNP Project (Optional)
-

Family Nurse Practitioner (DNP FNP)

Year 1 – Fall

- NUR 560 – Advanced Pathophysiology Across the Life Span
- NUR 604 – Genetics, Genomics and Health Promotion
- MPH Biostatistics / Fundamentals of Biostatistics
- NUR 613 – Health Equity, Justice & Ethical Foundations: Professional Issues in Healthcare

Year 1 – Spring

- NUR 561 – Advanced Health Assessment Across the Life Span
- NUR 562 – Advanced Pharmacotherapeutics Across the Life Span
- MSHI 600n / MISHI 509 – Big Data Management & Analytics / Data Mining & Analytics

Year 1 – Summer

- NUR 570 – Scientific Foundations, Theories and Inclusive Leadership
- NUR 602 – Population Health: Community Epidemiology & Sustainable Strategic Engagement

- NUR 563 – Diagnostic Reasoning, Interpretation and Evidence-Based Clinical Decision Making
- NURS 709 – Data Driven Health Policy & Advocacy

Year 2 – Fall

- NUR 610 – FNP I Didactic
- NUR 611 – FNP I Clinical
- NURS 615 – Evidence-Based Practice & Principles of Translational Research

Year 2 – Spring

- NUR 620 – FNP II Didactic
- NUR 621 – FNP II Clinical
- NUR 711 – Doctoral Project: Developing Health Equity Inquiry & Impact for Sustained Community Engagement

Year 2 – Summer

- NUR 708 – Health Finance and Equitable Economic Leadership in Complex Health Care Systems
- NURS 703 – Impact Driven Quality & Process Engineering Strategy Design for Value Based Primary Care
- NUR 712 – Doctoral Project: Translating Methods & Research for Project Implementation

Year 3 – Fall

- NUR 630 – FNP III Didactic
- NUR 631 – FNP III Clinical
- NUR 701 – Interprofessional Learning: Social Determinants of Health Profession Education
- NURS 713 – Doctoral Project: Scholarly Project Planning and Proposal

Year 3 – Spring

- NUR 640 – FNP IV Didactic
- NUR 641 – FNP IV Clinical
- NUR 714 – Doctoral Project: Project Implementation and Defense
- NUR 715 – Doctoral Project: Project Evaluation and Dissemination
