Dear Dr. Rodney:

Thank you for submitting an interim report to the Council on Education for Public Health. The CEPH Board of Councilors reviewed the report at its June 17-19, 2010 meeting and determined that the program has demonstrated compliance with Criteria 1.6 (Resources) and 2.6 (Competencies).

In reaching its determination, the Council noted the program's documentation of sufficient faculty resources to support each MPH concentrations. The Council also noted the program's documentation of competencies and linkages to required courses for the MPH in epidemiology.

In order to maintain accredited status, the next accreditation review must take place before December 31, 2014. We look forward to reviewing your program in greater depth during your next accreditation review.

Sincerely,

Stephen W. Wyatt, DMD, MPH
President
